Dear Brothers and Sisters in Christ

We can regard this period as a post HIV/AIDS period, where almost everyone is aware of the disease, how it is spread and above all, how to be safe from the pandemic. Nevertheless, this generation marks on record, the greatest number of HIV/AIDS victims in all the generations which have existed, albeit their awareness to the disease. It is therefore our responsibility, as citizens of the world, to try and conjure for our future a way which leaves people with confidence of living as opposed to the mindset of death as inevitable. Is it the present society, where poverty is dominating abetted by different economic policies, disintegration of culture in the name of modernization is growing exponentially or is it the lack of faith and honesty amongst the human inhabitants of the world, which is creating loopholes for the disease to penetrate the society. It is therefore with great sorrow that citizens live with many fears from the unpredictable world, with the fear of destruction within their violent streets, natural disasters and above all, people fear to contract HIV/AIDS.

We acknowledge as ACTS that AIDS is a threat to our societies; it is therefore our mandate as students to try and fight the disease. As ACTS we conjured for the ABCD Lifestyle as the holistic approach to life. It is with this approach to live our lives. It is therefore, our mission and ambition to see a society in the future where the prevalence of AIDS starts to decline promising life to the people. Let us all unite against HIV/AIDS and carry on with our ABCD Lifestyle Campaign and above all we should know that Jesus is the answer to all the social ills and imbalances of the world.

ABCD Lifestyle Campaign Rallies will take place as follows:

Eastern Cape	01 May 2010
Gauteng	01 May 2010
Free State	08 May 2010
Limpopo	01 May 2010

I wish you all well as you will be preparing for your ABCD Lifestyle Campaign Rallies.
