## National Media Newsletter v0.01

I am the newly appointed Secretary for Media and Publicity of Association of Catholic Tertiary Students for the year 2015/16.

I have been a member of ACTS for the past 4 years but I only attended one National Conference that was this year (2015). I attended the Conference with the idea of testing the waters and only after I will be able to know if I want to run for a portfolio in ACTS, little did I know that the portfolios were chosen at the Conference. The time was now, not anytime later!

To be honest I fell in love with the idea of what ACTS can become. Sometimes the thought of what it can become scares me so much that I begin to wonder what if the actual vision is bigger than what I can imagine? What if it is bigger than what anyone one of us can I imagine? Can we ever realize the bigger picture? Will we have failed in God's eyes?

I personally think there is always something that one can learn from someone. I have seen some good and bad role models. It is because of the bad role models that I know what I don't want to become and because of the good role models that I know what I aspire to be.

There will probably be a lot that will change in ACTS and I have high hopes that the decisions will be made in everyone's interests. Should we make mistakes, please bear with us.

I am looking forward to receiving applications for the National Media and harnessing the

talent in the Catholic Church.

If I am not so visible on the media platforms just know that I am working from behind the scenes on some strategic or administrative task.

Yours in service  
Mziwakhe Makhaya  
Secretary for Media and Publicity
